Rental Truck Assistance

This program provides reimbursement for a rental truck while your truck is being repaired for a covered claim. We offer 7-day and 14-day programs and your rental days can be used as needed during your contract term. Rentals must be arranged with an authorized rental truck

facility. Maximum reimbursement rates are specified in your contract. Please contact an NTP Co. claims administrator prior to renting for other details. The driver renting the truck is responsible for showing proof of insurance, paying for fuel, mileage charges, and applicable vehicle damage that occurs during the rental period. They may also be asked for a security deposit and proof of having their CDL for 2+ years.
